

Report to the Auburn City Council

Action Item

Agenda Item No. **5**City Manager Approval

To: Mayor and City Council Members
From: Bernie Schroeder, Director of Public Works
By: Carie Huff, P.E., Associate Civil Engineer
Date: October 22, 2012
Subject: Auburn Municipal Airport 2012 Capital Improvement Project – Apron Lighting, Airfield Signage and Markings – Permission to Advertise

The Issue

Shall the City authorize the Director of Public Works to advertise the Auburn Municipal Airport 2012 Capital Improvement Project for construction?

Conclusion and Recommendation

Staff recommends that the City Council, by **MOTION**, authorize the Director of Public Works to advertise for the Auburn Municipal Airport 2012 Capital Improvement Project – Apron Lighting, Airfield Signage and Markings.

Background

The Airport Layout Plan (ALP) was updated and submitted to the FAA in December of 2011 and indicated several capital improvement projects for design and construction in fiscal year 2012. These projects are eligible for funding under the Federal Aviation Administration (FAA) Airport Improvement Program (AIP). Projects scheduled for fiscal year 2012 include design of the perimeter fence and design and construct the apron lighting, airfield signage and markings. The design is nearly complete for the apron lighting, airfield signage and markings and therefore staff is requesting permission to advertise the project for construction.

Alternatives Available to Council; Implications of Alternatives

1. Proceed with staff recommendation.
2. Do not proceed with staff recommendation.

Fiscal Impact

The federal grant has been authorized in an amount of \$239,356. Design, construction and construction administration for the apron lighting, airfield signage and markings is estimated to be \$171,144. The federal grant covers 90% of the project costs or \$154,029 with the City of Auburn required match at \$17,114. The remaining portion of the federal grant was used for the ALP update and the ongoing design of the perimeter fence. The City of Auburn portion is allocated from the Airport Enterprise Fund.
